

Educational Outfitters

minnesota.educationaloutfitters.com

Educational Outfitters, your provider for school uniforms and spirit wear, currently donates 3% of sales back to each partner school on an annual basis for all uniforms and accessories that are purchased at the store or online by the school families.

Since Educational Outfitters also decorates apparel and a variety of other items (i.e. bags, towels, hats) with custom embroidery and heat transfers, we have developed a new school program, **CUSTOM CASH**. This program provides schools another easy option to obtain funds to assist with their ongoing financial needs.

How it works:

- Supporters of the schools, such as parents, grandparents or friends, contact Educational Outfitters regarding their custom embroidery projects (i.e. corporate logo wear, corporate events apparel, traveling team uniforms, work uniforms) or heat transfer projects (i.e. t-shirts for walks, runs, family reunions).
- Educational Outfitters provides an estimate, orders items as needed, completes the work, and donates 5% of the total project cost back to the school to be used for academic programs, facilities, technology, playgrounds or student scholarships.
- The funds will be distributed to each school on a quarterly basis (January, April, July, October), along with a listing of the supporters for that quarter.

If interested in providing additional financial support for your school, please contact:
